

## *~ Auto Theft in the 21<sup>st</sup> Century ~ Now ~New~Next~*

Vehicles have become rolling network computers equipped with evolving On Board Computers, Transponders and Immobilizers. As technology evolves, so do the techniques used to steal automobiles. Automobile theft in the 21st century requires a new understanding on how vehicles can be taken or defeated, and what to look for during an investigation. Theft methods and trends are discussed with an in-depth analysis of current auto theft investigative techniques.
